Description
Just beyond the centre of Anafotida, this field puts village life within easy reach. The everyday rhythm of a Larnaca village sits close by, with the familiar sights of the square and its streets only moments away. Around the land, open farmland and undeveloped parcels mix with a few residential homes, giving the setting an open, unpretentious feel.

The land lies within a residential zone, so its plain purpose is a home of your own, with up to two floors allowed. At 1,673 m², it offers room for a house and the outdoor life that goes with it. The land has no direct road access.

Daily needs are a short drive away, with schools, supermarkets, restaurants and cafés in the surrounding area, and the neighbouring villages of Aplanta and Menogeia are close at hand too. Larnaca International Airport is a drive away, which keeps trips abroad and visits from family simple to plan.

A piece of residential land beside a living village, ready to be imagined as the place where a new home takes shape.
