For Sale : **€ 55,500**

Description
A short walk north of the heart of Athienou, this field lies within the village's residential zone, offering room for a home of up to two floors close to everyday village life.

The land has direct road access, with a generous stretch of frontage along a registered road, so getting in and out is simple. The neighbouring parcels are still undeveloped, which gives the surroundings an open, uncrowded feel while the village centre stays close at hand.

Picture shaping a home of your own here, planned around the light and space of an open plot, with the familiar rhythm of Athienou nearby for errands, friends and family. It is a straightforward, practical setting for a home rooted in a living Larnaca village.

The sale is for a 25/36 share of the field.

Residential land, direct road access and the village centre close by: an honest, practical starting point for a home in Athienou.
