For Sale : **€ 54,000**

Description
Pera has the character of a Nicosia village that still keeps some open ground between its homes. Around this field, residences sit beside undeveloped parcels, and the village centre is only a short drive away.

Covering 1,539 m², the land lies in a residential zone. That gives room for a home of up to two floors. You can picture a family house shaped around your own plans, set among the village homes that surround it.

Nature is part of the picture too. Tamasos Lake is a short drive away, a natural setting for an unhurried walk when the working week is done. The land has no direct road access.

An uncomplicated piece of residential land in village surroundings, with the lake and the heart of Pera both a short drive away.
