Description
Three adjoining fields form this landholding of 22,094 m² outside Louvaras, a short drive from the village centre and from the nearby villages of Kalo Chorio and Agios Pavlos. The wider area is undeveloped forest land.

The ground slopes and the shape is irregular. Part of the land lies in an agricultural zone suited to farming and planting, and part lies in a protection zone. The land has no direct road access. The three parcels are offered together as one sizeable stretch of sloping countryside.
