**Description**
Close to Evretou Dam in the Paphos countryside, this agricultural field covers 8,696 m² and sits among other farmland and undeveloped parcels. Its agricultural zoning suits farming or planting, and the land has a long frontage along a registered footpath. The field lies in Evretou, within the municipality of Simou, with Simou and Trimithousa both a short drive away. Petrol stations and main roads are within driving distance, and the Limassol–Paphos Motorway serves the wider region. A sizeable piece of agricultural land in a working rural landscape.
