For Sale : **€ 50,000**

Description
Simou's village centre is only a short stroll from this residential field, and restaurants and cafés are within walking distance. Village life sits close at hand, with homes and open parcels of land around it.

The land covers 1,673 m² and offers room for a home. Its residential zoning allows a house of up to two floors, and the field has direct road access along a registered road. It is a sizeable canvas for a home planned around your own needs, in a residential setting that keeps its village scale.

Picture an unhurried morning coffee at a café in the village, then an afternoon by Evretou Lake, a short drive away. The neighbouring villages of Drymou and Evretou are also an easy drive, which widens the circle of village life around Simou.

This is a residential field close to the heart of Simou, with the lake nearby and the everyday pleasures of village life just around the corner.
