Description
Set in the countryside outside Kato Koutrafas, this agricultural field covers 16,723 m². The land around it is made up of farmland and undeveloped parcels, away from dense building. The neighbouring villages of Pano Koutrafas and Nikitari are also close by.

Zoned for agriculture, the field lends itself to farming or planting, or to being held as farmland. It could also be a practical addition to nearby agricultural holdings. The land has no direct road access. Simple and uncomplicated, it is a sizeable piece of agricultural ground in the Nicosia countryside.
