For Sale : **€ 47,000**

Description
Just outside the village of Anglisides, among scattered homes and open, undeveloped parcels, this residential field offers an unhurried corner of Larnaca district. Schools are within walking distance, and the village centre with its shops and cafés is a short drive away.

The land lies in a residential zone, which allows room for a home of up to two floors. It is easy to imagine a family house rising here, with the open land around it and the familiar rhythm of village life close by. Stavrovouni Monastery, one of the best-known landmarks of the area, is also within a short drive.

The land has no direct road access.

The sale is for a 2/3 share of the field. For anyone drawn to Anglisides, its close-knit village feel and its open surroundings, this is a residential plot with real character worth getting to know.
