For Sale : **€ 46,000**

Description
Just outside the village of Pigenia, with the sea not far away, this field offers a sizeable plot in a setting where village life and the coast sit close together. It is easy to picture a home here, part of a small community with the Mediterranean within easy reach.

The land covers 1,673 m² and lies in a residential zone, with room for a home of up to two floors. It fronts a registered road, so it has direct road access. Open parcels surround it alongside several residential developments, giving it a residential setting with space still around it.

Shops and cafés are a short drive away for everyday needs. For a slower afternoon, the Gialia Monastery is within a drive, a reminder of the strong local character of this corner of Cyprus.

It is a place to plan a home rooted in the village, with the sea close at hand.
