Description
Lympia's village centre is only a short drive from this level field. Open parcels of land and a few scattered homes make up the surroundings, giving the area an open, uncrowded feel.

The land covers 1,673 m² and has a regular rectangular shape with an even, flat surface. It is a simple, honest shape to plan around and picture a future home on. It lies in a residential zone, with room for a home of up to two floors. Water, electricity and telecommunication services could be brought to it.

The field has no direct road access. Schools and the village centre are a short drive from the area, so the school run and everyday errands stay close to home.

Flat ground, a tidy shape and residential zoning make this a field to imagine a family home on, within easy reach of Lympia's village life.
