Description
Klirou's village centre is only a short way from this residential field, and the local schools are within walking distance. The land sits among homes and open parcels on the edge of the village, a setting where a new house can share in everyday village life.

The field covers 873 m² in a residential zone, with room for a family home of up to two floors. It has direct road access along a dirt road at its edge.

Beyond Klirou, the neighbouring villages of Kalo Chorio Oreinis and Malounta are a short drive away. The countryside is close too: the nature spot of Perátis is a short drive off, and Mitsero Mines Lake is within reach for a longer outing.

This is a place to begin a home in Klirou, with the village and the open landscape around it both close at hand.
