

For Sale, Land, Field, Nicosia, Agia Varvara, 837m²

Agia Varvara offers the settled rhythm of a
Nicosia district...

For Sale : **€ 38,000**

Description
Agia Varvara offers the settled rhythm of a Nicosia district village, with its centre only a short drive away and the neighbouring villages of Kotsiatis and Alampra close by. Here, among homes and undeveloped parcels of land, lies a field with a residential zoning.

That zoning gives the land a clear purpose: room for a home, with up to two floors permitted. The neighbourhood already has a residential character, and the open parcels around it keep a sense of space in the setting. A home here would put village life within easy reach.

The land has no direct road access. The sale is for a 1/2 share of the field.

For anyone drawn to Agia Varvara, this residential field offers a place to picture a future home in a village setting close to everyday life.
