Description
In Apostolos Loukas, part of Aradippou, this agricultural field lies among farmland and undeveloped parcels, close to the Nicosia–Larnaca motorway and a short drive from Larnaca. The land is regular in shape with an even surface, which suits farming or planting. It has direct road access along a public dirt road, and electricity and telecommunication services could be brought to it. The sale is a 1/2 share of the field.
