For Sale : **€ 11,000**

Description
Outside the village of Mitsero, in the Nicosia countryside, lies an agricultural field of 2,416 m². Around it are other agricultural and undeveloped parcels, so the land stays open and rural in character. Its agricultural zoning suits farming or planting.

The land has no direct road access. The surrounding area is a short drive from Mitsero's village centre and from the neighbouring villages of Agrokipia and Agioi Iliofotoi. This is a sizeable piece of farmland in a rural part of the district.
