Description
Among the farmland of Koili in the Paphos district, this agricultural field covers 1,840 m². Its shape is fairly regular and its ground slopes gently, and its agricultural zoning points to farming and planting. The land around it is a mix of cultivated and undeveloped parcels with some homes, and the village centre and neighbouring Tsada are both a short drive away. The land has no direct road access. It is a straightforward piece of agricultural land in the Koili countryside.
