Description
In the countryside outside Kalopanagiotis village, not far from Kalopanagiotis Reservoir, this field of 2,880 m² lies among undeveloped parcels of land. It is zoned for agricultural use, and its road frontage along one side gives it direct road access, a practical point for working the ground.

The neighbouring villages of Oikos and Gerakies are a short drive away, and the main road network is within driving distance. A sizeable agricultural field with its own road frontage, suited to farming, planting or holding as rural land.
