Description
Set among farmland and undeveloped parcels just outside Mitsero village, this agricultural field covers 1,338 m² of Nicosia countryside. Its agricultural zoning suits farming or planting, and it could be a practical addition to an existing agricultural holding. The land has no direct road access. Mitsero's village centre is a short drive away, and the neighbouring villages of Agrokipia and Agioi Iliofotoi are close by. This is a modest plot of agricultural land in a rural setting, away from dense development.
