Description
Set among farmland outside Kato Moni, this agricultural field of 1,673 m² lies in a rural area of farmland, animal husbandry units and undeveloped parcels. The village centre is a short drive away, and so are Agioi Iliofotoi and Agia Marina Xyliatou.

The land has an irregular shape and a partly uneven, sloping surface. It has no direct road access. Electricity, water and telecommunications could potentially be connected. Its agricultural zoning suits farming or planting. This is a modest agricultural plot in the countryside around Kato Moni.
