Description
Set among open farmland just outside Orounta village, in the Nicosia district, this agricultural field covers 1,292 m². The land around it is made up of other agricultural parcels, and its zoning suits farming and planting. The villages of Kato Moni and Agioi Iliofotoi lie close by. The land has no direct road access. It could serve as a practical addition to neighbouring farmland. This is a modest, clearly defined parcel of agricultural land in the Orounta countryside.
