Description

High-Value Living and Long-Term Investment

This 540 sqm residential plot in Lythrodontas represents a premier opportunity for those seeking to build a custom residence in one of Nicosia's most sought-after suburban retreats. The property offers a balanced building density of 90% and a 50% coverage factor, perfectly suited for a spacious two-storey home that maximizes both indoor living space and outdoor garden areas. A standout technical feature of this plot is its approximately 20 meters of road frontage along its western boundary, providing excellent architectural flexibility and ease of access. In March 2026, Lythrodontas has seen a significant surge in interest from professionals who prioritize a wellness-first lifestyle, as the village provides a serene escape just 28 minutes from the capital's administrative core. This plot's position within a neighborhood featuring a mix of established residential developments and undeveloped parcels ensures a stable environment for a future-proof investment, a standard of smart investment we have guided for 3 decades of experience.
