Description

High-Yield Development and Strategic Acquisition

The Foundation of Your Future. This plot under division, located in the immediate vicinity of the GSP Stadium, represents a high-yield development opportunity in one of Nicosia's most prestigious and strategically connected districts. Falling within the Special EX2 Planning Zone, the property offers a superior building density of 80% and a 45% coverage factor, providing the technical capacity for a high-value development of 1-2 luxury houses or specialized residential projects. In March 2026, the Nicosia real estate market is benefiting from a transformative tax reform that took effect on January 1st, which fully abolished stamp duty on all new property contracts and removed the Special Defence Contribution on rental income, significantly improving net yields for investors. Furthermore, the 2026 market is characterized by a strong shift toward high-quality suburban living, supported by the government's 6th Edition of the Housing Revitalization Scheme, which launched on March 2, 2026, offering combined grants of up to 100,000 euro for eligible primary residences. The plot's significant density and its placement within a tranquil yet perfectly accessible district ensure a secure and appreciating investment, a standard of smart investment we have guided for 3 decades of experience.

Description Plot under division close to G.S.P. stadium. It falls within the Special EX2 Zone with building factor 80% and coverage coefficient 45%. The area is surrounded by luxury houses and is very close to Nicosia centre and the motorway. The plot is suitable for the development of 1-2 houses. The EX2 zoning allows for a modern architectural design that maximizes functional square footage while maintaining a sense of suburban exclusivity. Its position within the GSP corridor ensures immediate access to essential infrastructure and professional municipal services. Title deed available.

Proximity Landmarks Located in the immediate vicinity of the GSP Stadium and the Senior School. The plot benefits from the recently completed Ippokratous-Argyroupoleos-Tseriou road network, which reached full operational delivery in March 2026. This major 6.2 km project provides a vital four-lane link between the GSP area and the Nicosia Mall, significantly reducing commute times to the capital's commercial heart. Additionally, the plot is near the historic old GSP stadium site, which is being transformed into a major urban leisure hub set to welcome its first commercial businesses by the end of 2026.

Strategic Location and Urban Connectivity

The value of this property lies in its placement within a core residential enclave, offering a balanced lifestyle that is perfectly connected to the administrative and commercial heart of the capital via the expanded highway network and the ongoing Phase B3 Nicosia Ring Road enhancements.
